

Healthcare Insurance Policy - Sample Document

1. Hospitalization Coverage

The policy covers eligible hospitalization expenses when the insured person is admitted to a registered hospital for medically necessary treatment. Coverage is subject to the policy terms, limits, exclusions, and waiting periods.

2. Room Rent

Room rent is covered up to the room-rent limit specified in the policy schedule. If the insured chooses a room above the eligible limit, applicable proportionate deductions may apply to certain hospital charges.

3. Pre-Hospitalization Expenses

Eligible medical expenses incurred before hospitalization may be covered for up to 30 days before admission, subject to the policy terms.

4. Post-Hospitalization Expenses

Eligible medical expenses incurred after discharge may be covered for up to 60 days after hospitalization, subject to the policy terms.

5. Reimbursement Documents

For a reimbursement claim, the insured may be required to submit the claim form, hospital bills, payment receipts, discharge summary, prescriptions, diagnostic reports, and other documents requested by the insurer.

6. Waiting Period

Certain treatments and pre-existing conditions may be subject to waiting periods. The applicable waiting period is determined by the policy schedule and terms.

7. Exclusions

Expenses specifically excluded under the policy are not payable. Examples may include non-medical expenses and treatments excluded by the policy terms.

8. Important Note

This sample document is created only for demonstrating an AI document-question-answering system. It is not an actual insurance policy and should not be used for medical, insurance, or financial decisions.
